

Announcing New Hours & Services for 2010

From Dr. John C. Metzger, Vision Therapy KC

CONTACT: Caroline Metzger
913-469-8686 or caroline@visiontherapykc.com

The whole Metzger crew (Jean, wife and chief therapist; Caroline, daughter and practice manager) and I are excited to announce that beginning January 1, 2010 our practice home as well as our personal home will be full time in Kansas City.

We are in a building phase and will be offering new services in both low vision and vision therapy.

Some additions to look forward to are:

- Syntonic color therapy for reading and learning problems
- Highly targeted vision and reading therapy
- In-home follow up care for low vision patients
- Improved patient education materials
- Unique referral materials for your office to share with low vision candidates
- Fresh, new more informative websites
- Doctor and staff educational opportunities

We are especially grateful at this time of year for your heart warming support of our low vision and vision therapy practice since we opened our doors in Lenexa in 2005. Have a blessed and prosperous 2010.

Warmest regards,

John C. Metzger, OD
